

STATEMENT SHOWING PEER REVIEWER'S COMMENT ON THE DRAFT GEOLOGICAL REPORT OF BANDHA AND JAMUNIYA BLOCKS (G3), SATNA DISTRICT, MADHYA PRADESH

SL NO	PEER REVIEWER'S COMMENTS	COMPLIANCES
01	Consider add of heading of chapters under description in contents as suggested on the body of the report.	Attended
02	Ensure titles of the report, maps, plates and annexures are to be same in the report as given in the contents.	Attended and uniformity is maintained.
03	Ensure add of all the referred previous works in the report under references and nonrefereed works are to be deleted.	Reference list has been revised as suggested.
04	Add brief description of nature/structure such as compact/massive/fine grained/alterd/fractured/sheared or any structure observed while core logging.	Attended
05	Add plate nos. on the maps as per contents.	Attended
06	Write proper justification for the shortfall of targets in Table no. 10.1.	Justification for the shortfall from the targets is added in paragraph 10.3.2
07	Kindly check and correct the coordinates of corner point of blocks since the corner point C of Bandha and A of Jamuniya Block are common but their coordinates are different, same is with B of both the blocks.	Co-ordinates of the block boundary corner points have been corrected.
08	Under subhead iii of 10.2.1 heading, objectives of investigation was to mark subsurface contacts, concealed beneath soil cover but in report nowhere mentioned what is done to expose areas nearby and in between the outcrops, please justify properly.	The objective was addressed through systematic geological traverses, examination of float material and lithological changes, and projection of contacts between adjoining outcrops. The basis for interpreting concealed contacts beneath soil cover has now been clarified in the revised report.
09	Other suggestions/corrections	Other corrections suggested on the hard copy of the report has been attended.
