

Submission of Final Geological Report – NMEDT Sponsored G4 Iron Ore Project, Sonbhadra, Uttar Pradesh:

Dear Sir/Madam,

In accordance with the recommendations of the **34th TCC-II**, we are pleased to submit the **Final Geological Report** for the NMEDT-sponsored project titled **“Reconnaissance Survey (G4) for Iron Ore in Mahakoshal Group around Chakdiya, Kushaniya, Jorba and Tusgaon area, Sonbhadra District, Uttar Pradesh.”**

The investigation and preparation of the Geological Report have been completed **within the approved timeline and in accordance with the approved scope of work**. The report has undergone a thorough **peer review process** and was subsequently presented during the **37th TCC-II meeting**. The final report has been duly revised and compiled by incorporating the observations and recommendations received during the peer review process and in accordance with the applicable provisions of the **MEMC Amendment Rules, 2021**.

In compliance with **Rule 9 of the Mineral Conservation and Development Rules (MCDR), 2017**, a copy of the Final Geological Report was forwarded on **28th September 2026** to the **Directorate of Geology and Mining (DGM), Uttar Pradesh; Deputy Director General (DDG), Geological Survey of India (GSI), State Unit – Uttar Pradesh; Indian Bureau of Mines (IBM); and National Mineral Exploration & Development Trust (NMEDT)** for information and necessary record. The report was also **uploaded on the NGDR portal on 29th September 2026**.

We express our sincere gratitude to the **NMEDT, Technical-cum-Cost Committee (TCC), and Directorate of Geology and Mining (DGM), Uttar Pradesh**, for their valuable guidance, continuous support, and cooperation throughout the course of the investigation and preparation of the report.

We hereby submit the **Final Geological Report** for your kind consideration and record.

Thanks & Regards:

Mohammad Muslemeen
